Please visit our website for all the latest news and details of the club and how it works.

Join the club and watch the rewards of your training pay off with race nights, club championships and carnivals. Don't let all that training go to waste. You could be the next club or Australian champion. Join the club to compete at all levels.

If you can swim 25m in any stroke come along to the next race night, meet new friends have some fun racing and a BBQ.

We base the racing on kids beating their own PB's and not each other. They will swim against other kids of similar ability and there are ribbons and trophies on offer each night to the swimmers that achieve new PB's.

With most children competing in school swimming carnivals the club races every second Friday night are a great opportunity to get racing experience and make sure swimmers are properly prepared for their school teams. In the process it's all about having fun and meeting like minded people in the process of setting personal bests! See the rules at [**Club Race Night Rules**](#) on our website for all the details.

Brothers and Sisters of Swimmers have free entry so they can enjoy all the club facilities as well as get a great meal at the club's BBQ.

Our aim is to provide the ultimate environment which encourages the highest standard in swimming performance coupled with enjoyment.
